

REMARKS/ARGUMENTS

The specification has been changed for clarity. Namely, the term “dynamo” was changed to “rotary” and the term “rotary shaft” was changed to “rotating shaft.” No new matter has been added.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned “Version with markings to show changes made.”

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: May 22, 2002

Respectfully submitted,
